Letter No. R.C.128 M., dated the 29th March 1913, from the District Magistrate of the Nilgiris, to the British Resident in Mysore.

In forwarding herewith a copy of letter dated 1st February 1913 from the Taluk Magistrate, Gudalur, to the several Estate Superintendents in his taluk, regarding the large pendency of cases in his Court under the Madras Planters' Labour Act owing to the warrants remaining unexecuted, I have the honour to request that you will be good enough, if you see no objection, to address the Mysore Durbar to be so good as to instruct the respective District Magistrates in the Mysore Province to direct their subordinate Magistrates to do all they can to - - assist the working of the scheme outlined in that letter.

2. A statement shewing the number and period of pendency of warrants pending in the Mysore Province is enclosed for your reference.

No. 2257

Mysore Resident's Office,
Bangalore, the 15th April 1913.

From

Enc to GS 264-12-1

The Taluk Magistrate of Gudalur.

To

The Superintendent of ..... Estate.

Sir,

I beg to address you on the subject of service of warrants on absconding coolies and maistries in cases under the Madras Planters' Labour Act I of 1903, connected with estates in Gudalur Taluk.

2. You are aware that what was called the "hand-warrant" system (~~in~~ the practice of handing over warrants direct to complainant maistries for service through the Police) has finally been abandoned under the express orders of the High Court and Government as being opposed to the existing law and that in consequence warrants are now given or sent direct to the Police for service in the ordinary way.

3. In the cases of complainant maistries of the O'Valley, a slip in the accompanying form on plain paper is given to each complainant who is willing to proceed to the place either in Mysore or in British Territory where the accused is. He takes it to the magistrate having local jurisdiction who assists him by seeing that the Police make honest endeavours to serve the warrant. He may also accompany the Police officer who goes to execute the warrant and point out the accused to him.

4. I have been specially directed to write and inform you that such slips will be furnished to your maistries or their nominees, if they require them, as is now being done in the cases of complainant maistries of O'Valley where the practice is largely obtained and where it is attended with some success. This practice, as you will observe, helps the magistrate and the police having local jurisdiction to rapidly trace the course of the warrant previously sent to them by post and also to understand at once what the illiterate maistry or his man states in his mother tongoue. At the same

Encl to CS 209-12-13-1

3

time you will see that this practice of paper slips will not enable the maistry either to detain the warrants indefinitely or to use them as a means of terrorising the coolies.

5. I have been directed to attach to this letter a list of pending cases under the Labour Act relating to your estate and to inform you that fresh warrants will be issued in all such cases where they are required and to say that more detailed particulars will be entered in the body of the warrants in respect of the age, caste and descriptive mark of the accused persons as found in the labour contract so as to facilitate the execution of the warrants.

6. I solicit the favour of an early reply so as to enable me to submit a report to the District Magistrate showing how far I have taken steps promptly to carry out his orders.

7. I shall make it a point to wait on you and consult you regarding the speedy execution of warrants and the disposal of cases so far as they appertain to your estate during my tours in the neighbourhood.

I have the honour to be,
Sir,
Your most obedient servant,

Taluk Magistrate.

SIR,

If paper under disposal

In continuation of my endorsement No. 2251, dated the 10th April 1913, I am directed to state that the Honorary Secretary, Wynaad Planters' Association has represented

(i) that difficulties are experienced by planters in getting warrants served in Mysore against absconding Maistries and Coolies . The number of such warrants remaining unexecuted is said to be very large.

(ii) that complaints are made that non-bailable warrants are treated as bailable by local courts in Mysore, with the result that accused persons often succeed in making their escape.

At the Annual meeting of the United Planters' Association of Southern India in August 1913, a resolution was passed embodying the above complaint with special reference to the Mysore State and the Coimbatore District of Madras.

2. I am to express a hope that the Durbar will cause attention to be directed to these matters and will inform

inform the Resident of the result of any enquiries that may be made and of any orders that may be issued in consequence.

I have the honour to be

Sir,

Your most obedient servant

S i r,

Adverting to your letter No.J1609-10/Cts.264-12-5 dated 28th November 1913, I am directed to state that 886 warrants under the Breach of Contract Act were received in the courts of the State during 1912-13, of which 267 were returned executed and 479 unexecuted and the remaining 140 warrants were pending at the close of the year. Bail was applied for in 113 cases and was allowed in 107 cases. A Districtwar statement of the figures is enclosed.

An enquiry was instituted as to the cause of the large numbers of warrants that were returned unexecuted and it has been ascertained that all warrants which were self-contained and in which batta amounts had been received were duly executed and returned without delay. From the statement it will be seen that -

out

out of 886 warrants received during the year 1912-13 the number which remained unexecuted at the end of the year is 140, which is not very large as alleged by the Honorary Secretary, Wyanad Planters' Association. The reasons assigned by the District Magistrates for the pendency and for the large number of warrants having been returned unexecuted are (1) want of correct address and descriptive rolls of the accused persons, (2) non-existence of the villages mentioned in the warrants and (3) the non-receipt of the batta amounts with the warrants. Another reason is also assigned by the District Magistrate of Tumkur that warrants relating to his District are not all been sent to him, but some are sent direct to the Police, some to the Subordinate Magistrates within whose jurisdiction the accused persons reside while only a few are sent to the District Magistrate. He adds that in consequence it is not possible for him to exercise any check over the matter.

As regards the letting the accused persons on bail, it is explained that they are not generally enlarged on bail unless there is a clear direction endorsed to that effect on the warrants themselves. But in the Shimoga District it is reported that the provisions of section 86 of the Criminal Procedure Code are applied in such cases as all offences under the Breach of

Contract

Contract Act are bailable (vide ~~xxxx~~ Schedule II of the Criminal Procedure Code). I am to add that this Court has issued necessary instructions to the Magistracy in regard to the speedy execution - and return of warrants under the Breach of Contract Act.

I have the honor to be,
